## EDITO

### November /no??v?mb?/?/

The last month of autumn, but the beginning of a new adventure. Summer is long gone, it feels like fall has only just begun, and yet winter vibes are starting to trickle in. The summits surrounding Grenoble have received the first snow, time to take risk and do the unexpected.

In this Newsletter, we look back at the main events organized by the Chemistry Biology Health Graduate School to the first year Master and PhD Students for their integration, upcoming events and several calls for projects that will catch your attention.

Wish you a good read.

## INTEGRATION EVENT

### Escape Game

Escape Game - M1

Back to the **Integration Day of M1 CBH Graduate School students** on September 8, to go in search of the Targaryan secret in all over the Campus. This integration morning continued with several presentation of the different student associations (InteGRE, BDE, HOPE) and a convivial moment with students and teachers.

All the pictures are available on [this page](#).

[Participating Teams](#).

### Welcoming Event

Welcoming Event PhD

**Welcoming Event** with a workshop "*Entre cultures*" (« **Between cultures** ») to the 1<sup>st</sup> year PhD student financed by CBH GS, Arcane and GRAL project, followed by a **Friendly drink** offered to all the participants at [EVE](#).

## CALL FOR PROPOSAL OF PHD PROJECTS

Call for proposal of PhD Projects

From October 18, 2021 to November 30, 2021  
All the information on [this page](#).

## UPCOMING EVENTS

### Doctoral Forum - PhD or not PhD ?

Forum Doctorat

The UGA Doctoral College is organizing the **Doctoral Forum** on **Thursday, November 18, 2021 from 3:30 to 6:30 pm**. An orientation and information event for all students from bac+3 in all disciplines. A very good way to find out about pursuing a thesis.

At the Pierre Mendès France Amphitheatre.

[Mandatory registration](#)

### Save the Date - Deep Tech BPI

Deep tech Tour

On Monday, December 6, the **Deeptech Tour of Bpi France** is stopping in Grenoble. Researchers, PhD students, students, if you hesitate to launch yourself in the start-up adventure, this event is for you!

All the energies of innovation will meet and mingle at UGA !

## FOCUS ON OUR STUDENTS

### Students Stories

Discover CBH Graduate School Testimonials of our students in videos.

Student Stories

**Letícia da Mata Linzinski Civil**, CBH Graduate School fellow, came from Brazil at Université Grenoble Alpes for her [Master study in Chemistry](#). She is now a UGA PhD student at [DPM laboratory](#).

**Vangel Geshkovski**, CBH Graduate School fellow (GRAL program), is from the Republic of North Macedonia. He came to University Grenoble Alpes for his [Master Plant-Int](#). He is now a PhD student at [PCV laboratory](#).

**Bilgehan Aybike Ozcan**, CBH Graduate School fellow, is a second year PhD student at Université Grenoble Alpes. She came from Turkey and works in [LBFA](#) and [HP2](#) laboratories for her doctorate.

**Mohammad Al Tarass**, CBH Graduate School (GRAL program) fellow, is a second year PhD student at Université Grenoble Alpes. He came from Lebanon and works in [Biosanté department](#) for his doctorate.

## MOBILITY FEEDBACK

Mobility project: "Evaluation of sleep quality and influencing factors in Vietnamese youth during COVID-19 period" at Medical Biology Research Center, Pham Ngoc Thach University of Medicine/Nguyen Tri Phuong Hospital

Lockdown during the covid-19 period in Vietnam

**Photo Credit : Duy Thai NGUYEN hp2 - Doctoral School of Engineering for Health, Cognition and the Environment (EDISCE), University of Grenoble Alpes (UGA).**

" Within the framework of mobility project, we have carried out studies to assess the status of sleep quality and analyze the factors affecting the sleep quality of Vietnamese people during the COVID-19 period.

Sleep impairment is becoming more and more common not only in Vietnam but also around the world, seriously affecting work performance, causing great damage in terms of economy and health. Therefore, it is essential to evaluate sleep quality and influencing factors, especially in the context of the global Covid-19 pandemic in the past 2 years, increasing instability in mental health, sleep quality and life quality".
